

# ABORTION IN THE U.S. *has become concentrated* AMONG POOR WOMEN

## UNINTENDED PREGNANCY RATES

● Poor ● Higher-income (>200% of poverty)

**42% OF WOMEN  
HAVING ABORTIONS  
ARE POOR**

## COMPARED WITH HIGHER-INCOME WOMEN, POOR WOMEN HAVE

Unintended pregnancy rates  
**5x AS HIGH**

Abortion rates  
**5x AS HIGH**

Unplanned birth rates  
**6x AS HIGH**

**7 IN 10**

**WOULD HAVE PREFERRED TO HAVE THEIR ABORTION EARLIER**

Many women experience delays because they need time to raise the money

*Delays =*  
**HIGHER COSTS**

TRAVEL COSTS  
CHILD CARE COSTS  
LOST WAGES FROM MISSED WORK

Women report having to borrow money from friends & family and forgo paying rent, groceries, & utilities to pay for their procedure
