This research was supported by the U.S. Department of Health and Human Services under grant FPRPA006017.

Table of Contents: Detailed County Tables

Table 1. Total number of women aged 13–44 and number of women in need of contraceptive services and supplies, by age, poverty status and race/ethnicity, 2006—county data for individual states

Table 2. Number of women in need of publicly supported contraceptive services and supplies, by race/ethnicity and need status (under age 20 or aged 20–44 and under 250% of poverty), 2006—county data for individual states

Table 3. Total number of publicly funded family planning clinics by type of provider, number of female contraceptive clients served, and number of Title X–funded clinics and clients served, 2006—county data for individual states

Also available at www.guttmacher.org.

National and State Tables

Highlights

Definitions and Notes

Table A. Number of women in need of publicly supported contraceptive services and supplies, 2006, number receiving public-sector contraceptive services, 2006, and the percentage of need for publicly supported care that is met by public-sector providers, 1994–2006
