

Disparities in health coverage persist, despite the Affordable Care Act.

Hispanic women of reproductive age are most likely to be uninsured...

ALL WOMEN 15-44

...especially if they are living in poverty.

POOR WOMEN 15-44

■ Other
 ■ Privately insured
 ■ Medicaid
 ■ Uninsured

Notes: Poor women are those in families with incomes under the federal poverty level (\$20,090 for a family of three in 2015). Other/multi includes people who identify as something other than white, black or Hispanic or who have more than one race or ethnicity. Source: Special tabulations of data from the 2016 American Community Survey (data are for 2015).
