The claim that most abortion providers are located in black or Hispanic neighborhoods is **FALSE**

In fact, 6 in 10 abortion providers are located in majority-white neighborhoods.

This also holds true when looking only at those providers that perform the most abortions.

- **All abortion providers**:
  - 60% in majority-white neighborhoods
  - 6% in majority-black neighborhoods
  - 13% in majority-Hispanic neighborhoods
  - 3% in neighborhoods where majority of residents are of another race
  - 18% in neighborhoods where no racial group comprises a majority

- **Providers who perform 400+ abortions/year**:
  - 58% in majority-white neighborhoods
  - 9% in majority-black neighborhoods
  - 16% in majority-Hispanic neighborhoods
  - 1% in neighborhoods where majority of residents are of another race
  - 16% in neighborhoods where no racial group comprises a majority
