

**Figure 1. Reported public expenditures for contraceptive services (in constant 1980 dollars), by funding source, FY 1980–1994**

*Note:* Data for 1980–1985 include expenditures for patient care and related activities; data for 1987 and 1990 include patient care expenditures only. Data for 1994 do not include preventive health services block grant. All data shown here are converted to constant 1980 dollars using the Medical Care Price Index.
